

the silverlake hotel

Greetings to the community of Silverlake

The Silver Lake Hotel is a revitalization and refurbishment to the notorious Silver Lake community landmark; the Sunset Pacific Hotel. The projects' intentions are to offer the communities of Silverlake and Los Feliz, Echo Park and Atwater Village it's first premier boutique hotel.

Seen as a dormant blight on the Sunset corridor, The Silver Lake Hotel will infuse the mid-century structure with a urban perspective. Silverlake residents Dana Hollister and her team of designers; with guidance of Michael Rotundi and the skilled members of Roto Architects will create a hotel experience that will enhance the Silver Lake community.

The project is seeking to notify and illustrate local residence and the community at large to the plans and intentions of this project and assist in informing the community of the impacts and benefits of this neighborhood enriching endeavour.

Dana Hollister will retain the integrity of the original structure while updating the services and amenities with a restaurant, 37 designer inspired rooms, 3 master luxury suites and lower level lounge. The project also has addressed the community concerns regarding the parking impact by acquiring and developing on and off site parking.

We encourage all interested members of the community to engage us in a constructive dialogue and allow the team of Hollister Design and Development to answer any questions regarding the proposed project and its' many benefits to the community

THE SILVER LAKE HOTEL

The Grotto

Deep with-in the 1960's style modernist Silver Lake Hotel lies The Grotto, LA's coolest lounge. It's an urban paradise of rock-hewn walls and sultry fire pits. Carved out of the bedrock of the hotel's inner courtyard, The Grotto's urban atrium jungle blends monastic chic and the funky Silver Lake vibe to be the place to be in LA.
